HIGH POINT ACADEMY NEWSLETTER

AUTUMN 1 2026

Welcome to the latest edition of High Point Newsletter, we'll be taking a look at what our classes have been up to this half term. But first a note from our Headteacher, Mrs Tinsley.

A NOTE FROM OUR HEAD TEACHER...

As we move through another exciting term at High Point Academy, I would like to thank all of our families for the warm welcome you have given me since joining the school. It has been a real pleasure getting to know our pupils and families, and I feel privileged to be part of such a supportive and caring community.

Last half term, we were delighted to host our very first Careers Event for pupils and families, providing an opportunity to explore future pathways and aspirations. We also enjoyed a fantastic Democracy WOW Day, where pupils learned about the democratic process and voted for their School Council representatives. It was wonderful to see so many pupils engaging so positively and having their voices heard.

We were also thrilled to welcome Hamzah Uddin, English and WBA International Flyweight Boxing Champion, to one of our praise assemblies. Hamzah shared his inspiring journey with our pupils, highlighting the importance of resilience, hard work and believing in yourself. Our school community also held a very successful Macmillan coffee morning and raised an impressive £238, and we are grateful to everyone who supported this event.

This term, we will be completing our Autism Accreditation, an important opportunity to celebrate the excellent practice across our school and our commitment to providing the very best support for our pupils.

We are also looking forward to our whole-school visit to the Grand Theatre on 11th December to see a relaxed performance of Robin Hood. Experiences like this are incredibly valuable, helping pupils build confidence, develop independence, access the arts and create lasting memories with their friends and staff.

Finally, this term we will say goodbye to Miss Eardley, who leaves High Point to take up an exciting promotion as an Assistant Headteacher at another school. We thank her for everything she has contributed to our school community and wish her every success in her new role. At the same time, we are pleased to welcome Miss Knight, who will be joining us as a teacher in January.

Thank you for your continued support, and I wish all of our pupils and families a happy and successful end to the term.Mrs Hayley Tinsley

Ambitious aspirations,
Challenging the impossible,
Encouraging independence for all!

SPOTLIGHT ON...

"Hi everyone! I'm Mia, your High Point Academy Spotlight Reporter! I'll be interviewing different members of staff to find out more about them, their hobbies, interests and some fun facts. So, let's get chatting and discover who's who around our school!"

🌟 This issue spotlights on..... **Mr Perry** our site manager

When did you start at High Point and where did you come from?
I started in July 2021 I came form a German company Kloe Eckner

What is your favourite....
Food: Beef Casserole
Football Team: Wolves
Film: Alien

If you were a superhero, what superpower would you like?
I would like to fly.

Tell us something we would not know about you already....
My great - great uncle was a world champion boxer William Perry there is a statue of him in Tipton.

Which do you prefer...
McDonalds or KFC? KFC
Summer or Winter? Summer
Dogs or Cats? Cats
Flying or sailing? Flying

Tell us about a great moment at High Point for you so far...
High Point being awarded the best school in the Midlands

Sum up High Point in 3 words:
Simply The Best!

Keeping Our School Safe!

At High Point Academy, the safety and wellbeing of our children and staff is always our top priority.

Some of our staff took part in Fire Marshal Training with UK Fire Training, refreshing our knowledge, updating our skills and getting hands-on experience putting out fires ourselves!

Some of our pupils even had a front-row seat, cheering us on from the playground while enjoying their lunchtime!

We believe learning never stops, and our staff are always striving to develop their knowledge and skills to give our pupils the very best.

Whether in the classroom or behind the scenes, we are always looking out for our children and colleagues and doing everything we can to keep our school safe.A big thank you to UK Fire Training for such a valuable training session!

Keeping our High Point family safe, together!

Meet Miss Knight!

Hi, I'm Miss Knight, and I'm really excited to be joining High Point in the new year!

I'm looking forward to getting to know the pupils, building positive relationships and becoming part of their learning journeys. I can't wait to work alongside staff and parents to help pupils develop their independence, build new skills and prepare for a successful transition into adulthood.

A little bit about me... I love trying new foods and exploring different restaurants. My favourite place to be is relaxing on a sunny beach in a hot country! I also enjoy colouring, which I find relaxing and a great way to express my creativity.

I can't wait to meet everyone and get started!

ATTENDANCE

We are continuing to follow our Inclusive Attendance program.
On 15th July 2026 we were awarded the Bronze Award from Inclusive attendance.

We are now working towards our Silver Award.
Parents/carers have been invited to be part of my Parent Attendance Champion Team; this will help me gain parent voice and help with the support of attendance issues.
I am still looking for two more volunteers, please contact me if you would like to be part of this team.
Some of you may receive a letter to keep you up to date with the days missed at school by your child. This will be for pupils who have hit 10+ days absence.
We will continue to hold Attendance Clinics, to see if we can offer any further support to your family around improving attendance. You will be invited to come into school, or this can be done via phone depending on your preference.
We are available to speak to you at anytime you feel that you need information, advice or support. Just ask in reception to speak to a member of the attendance team.
We would like to take this opportunity to thank you all for your ongoing support
Ms Sharratt and the attendance team.

Inclusive Attendance

SAFEGUARDING

Safeguarding pupils is the priority at High Point.
Supporting your child and your family is our priority. If you require any support, please don't hesitate to ask.

Meet our team:
Mrs Tinsley - Designated Safeguarding Lead (DSL)
MS Sharratt -Designated Safeguarding Lead (DSL)
Mrs. R Richardson - Deputy Designated Safeguarding Lead (DDSL)
Mr. P Waterhouse - Deputy Designated Safeguarding Lead (DDSL)
Miss Plested - Deputy Designated Safeguarding Lead (DDSL)

We aim to involve parents and carers in all decisions concerning their child but in certain circumstances it may be necessary to consult or make a direct referral to the Multi Agency Safeguarding Hub (MASH) where to do otherwise could result in significant or increased risk of harm to a child.
Did you know about Operation Encompass?
High Point Academy is part of Operation Encompass which is a national scheme that operates jointly between schools and police forces.

Operation Encompass is a police and Education early intervention safeguarding partnership that supports children and young people exposed to Domestic Abuse. It aims to ensure Schools are notified in a timely manner of any Domestic Abuse incident where child/ren are present or registered at the address. This early notification should mean that in the majority of cases, schools are alerted in readiness for the children arriving at school the first working day following an incident.

EXAMS

Supporting Our GCSE Pupils Through Exam Preparation

As we continue to support our GCSE pupils on their examination journey, we are pleased to be providing additional guidance and wellbeing support as they prepare for their upcoming mock examinations.

Our GCSE Mock Examination Week will begin on Monday 30th November, providing pupils with an important opportunity to experience formal exam conditions, practise examination techniques and identify areas for further development before their final examinations.

To help pupils prepare effectively, all students working towards GCSE qualifications will take part in a Learning to Learn: Revision Skills Session on Monday 9th November. During this workshop, pupils will explore a range of effective revision strategies and develop a better understanding of the revision methods that work best for them. Topics will include revision planning, retrieval practice, flashcards, mind maps, revision timetables and the effective use of past papers. Pupils will also learn how to structure their revision time and build positive study habits that support long-term success.

We also recognise that examinations can be a source of worry for some young people. To ensure pupils feel supported emotionally as well as academically, our Educational Psychologist (EP) will be delivering an Exam Stress and Wellbeing Session on Friday 6th November for identified pupils. The session will focus on understanding exam-related anxiety, developing practical coping strategies, building confidence and promoting positive wellbeing throughout the examination period.

Parents and carers can play a key role by encouraging regular revision routines, helping pupils create manageable study schedules, ensuring they get sufficient sleep and supporting healthy habits such as regular hydration and balanced nutrition. These small but important steps can make a significant difference to both wellbeing and performance.

We are committed to ensuring that every pupil feels prepared, supported and confident as they approach their mock examinations, and we wish all of our GCSE students the very best as they continue their preparation.

CLASS NEWS - 7C

What a fantastic few weeks 7C have had! We are so proud of how everyone has engaged in their learning, worked hard and maintained such a positive attitude throughout their lessons.

We would also like to give a very warm welcome to Miss Austin, who has joined 7C as our Level 3 Teaching Assistant. Miss Austin has really enjoyed getting to know the pupils and would like to thank both pupils and staff for making her feel so welcome in the classroom.

English

We have now completed our class novel, War Horse, and are moving on to an exciting new poetry unit. Students have enjoyed exploring the themes, characters and events within the novel. We will now be developing our understanding of different types of poetry, exploring poetic techniques and discovering how poets use language to express ideas and emotions.

Maths

We are continuing to make excellent progress in Algebra, building confidence in solving equations, recognising patterns and applying our mathematical skills to a range of challenges. It has been fantastic to see students developing their confidence and tackling increasingly challenging problems.

🔬 Science

Students have been learning about microscopes and investigating the different parts and functions of this important scientific equipment. We have particularly focused on the purpose of the microscope light and how it helps us observe specimens more clearly and accurately.

Art

We explored the meaning and history of Bonfire Night before putting our creativity to the test by producing our own vibrant firework display artwork. We experimented with different colours and techniques, creating artwork both on paper and outdoors. Everyone thoroughly enjoyed getting creative, and we produced some fantastic pieces!

DT

We have started designing our very own Christmas decorations! Students have been developing their creative ideas and thinking about suitable materials and construction methods. We are looking forward to seeing their designs come to life over the coming weeks.

PE

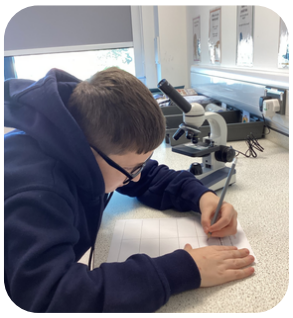
In PE, we have begun training for our Sponsored Fitness Circuit. Students have been working incredibly hard to improve their fitness, stamina and teamwork skills in preparation for the event. We are very impressed with everyone's determination and enthusiasm!

Well Done, 7C!

A huge well done to everyone in 7C for their hard work, enthusiasm and positive attitude. It has been wonderful to see everyone getting involved, developing new skills and growing in confidence.

We look forward to another successful few weeks of learning, creativity and achievement.

Keep up the fantastic effort, 7C – you're doing brilliantly! 🌟



CLASS NEWS - JET CLASS

Hello to all our parents and carers,

Jet Class have had a fantastic first term back and have settled brilliantly into the new school year! We are so proud of how well everyone has engaged in their learning, developed new skills and supported one another throughout the term.

Maths

This term in Maths, we have been exploring 2D and 3D shapes, identifying their properties and finding examples in the world around us. We have also been learning about money, recognising coins and notes and practising counting and spending different amounts. Alongside this, pupils have been developing their addition skills, using practical resources and fun activities to build confidence with numbers.

English

In English, we have enjoyed exploring a wonderful range of stories by Julia Donaldson. The children have listened to, discussed and taken part in activities based on familiar favourites, developing their communication, reading and storytelling skills. Pupils have particularly enjoyed joining in with repetitive phrases, discussing characters and sharing their own ideas about the stories.

Topic – The Ocean

Our topic this term has been The Ocean. We have been learning about different sea creatures, ocean habitats and the importance of looking after our oceans. The children have enjoyed a variety of creative and practical activities, discovering more about the fascinating world beneath the sea.

Cooking for Life

In Cooking for Life, pupils have taken part in sensory food exploration, using all their senses to investigate a variety of foods. We have enjoyed tasting, smelling, touching and describing different ingredients, helping to build confidence, curiosity and independence around food.

RE

In RE, we have been learning about special stories and why they are important to different people and communities. Pupils have listened to and explored a variety of stories, developing their understanding of the meanings and messages behind them.

Life Skills

In Life Skills, we have focused on healthy eating, looking after ourselves and being kind to others. We have explored healthy food choices, personal care routines and different ways to show kindness through our words and actions. The children have demonstrated a great understanding and have been practising these important skills as part of their daily routines.

End-of-Term Highlights

It has been wonderful to see the children grow in confidence throughout their first term back. They have worked hard, developed positive relationships and embraced new learning opportunities with enthusiasm.

We are incredibly proud of everything they have achieved this term and look forward to another exciting term of learning, growing and making memories together!

Well done, Jet Class!

CLASS NEWS - RUBY CLASS

Welcome to Ruby Class!
Ruby Class have had a fantastic start to the school year! All pupils have settled in well and have shown great enthusiasm, perseverance and a positive attitude towards their learning. We are incredibly proud of how everyone has embraced new challenges and developed their skills.

English

We have been exploring stories, characters and settings, developing our comprehension skills by predicting what might happen next, describing characters and putting key events in the correct order. Pupils also enjoyed getting creative by designing their own comic strips, complete with captions and speech bubbles! Our new topic is 'What is a Superhero?', where we will be exploring superhero qualities, characters and exciting events within stories.

Maths

This term, we have explored place value, addition, patterns and money. Pupils have been recognising hundreds, tens and ones, adding numbers with and without exchanging and using practical resources to support their learning. We have also enjoyed practical money activities, recognising coins, counting amounts and working out totals and change. We are now focusing on place value up to 10,000, learning to recognise and partition four-digit numbers.

Science

Our first topic was Materials, where pupils identified, sorted and investigated different materials and their properties. We carried out some practical experiments to discover why certain materials are suitable for different purposes. We have now moved on to 'All About Plants', where we are learning to identify the different parts of a plant and understand the important jobs they do.

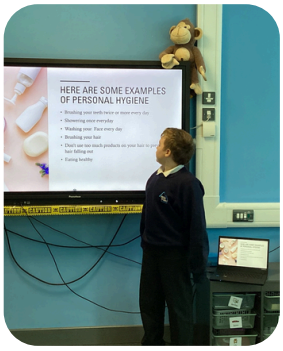
Cooking for Life

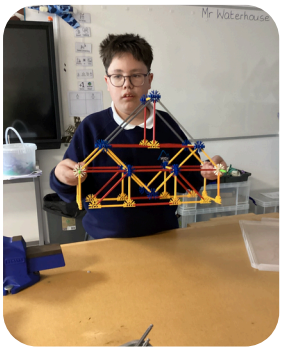
Pupils have been developing their kitchen safety and cooking skills while exploring healthy breakfasts. We started by making tea and toast, moved on to delicious porridge with fruit and then prepared our very own full English breakfasts! Everyone has worked hard to develop their confidence and independence in the kitchen. Our new topic is 'Healthy Snacks', where we will continue exploring healthy food choices and trying new recipes.

Looking Ahead

Thank you for your continued support throughout the term. We are so proud of everything Ruby Class have achieved and look forward to more exciting learning opportunities, new experiences and plenty of fun as we get closer to Christmas!
Best wishes,
Miss Sheehan, Mrs Woodyatt and Miss Aziz

CLASS NEWS - 8C





Welcome Back!

It has been another busy and exciting time at school. Pupils have been working hard, developing new skills and exploring a range of interesting topics across the curriculum. Here is a look at what they have been learning.

Science – The Reproductive System

In Science, pupils have been learning about the reproductive system, exploring its different parts and their functions to develop their understanding of the human body.

HPA – Relationships and Life Skills

In HPA, pupils have been exploring healthy relationships, personal boundaries and the importance of respecting themselves and others. They have also been developing important life skills to help them make positive choices.

Maths – Percentages

In Maths, pupils have been learning about percentages, exploring how they link to fractions and decimals and practising calculating percentages through a range of problems.

Art – Aboriginal Art

In Art, pupils have explored Aboriginal art, looking at different patterns, symbols, styles and techniques. They have also created their own artwork inspired by what they have learned.

English – Romeo and Juliet

In English, pupils have been studying Shakespeare's Romeo and Juliet. They have explored the characters, relationships and themes while developing their understanding of Shakespearean language.

Design Technology

In DT, pupils have been learning to identify a range of tools and understand their uses. They have also developed their knowledge of correct terminology and workshop safety, helping them build confidence when selecting and using equipment.

Looking Ahead

We are looking forward to exploring new topics, developing creativity, tackling new challenges and continuing to build important life skills. Most importantly, we look forward to celebrating everyone's progress and achievements.

A big well done to everyone for their hard work!

CLASS NEWS - 8CC

What an Amazing Start to the Academic Year!

What a fantastic start to our first half term back! We have really begun to thrive as a smaller group, with a calmer learning environment helping to support emotional regulation, confidence and engagement. As a result, our learning has truly flourished!

We have also completed our CATs assessments, with fantastic results demonstrating strong knowledge and understanding. Pupils are working at or above their expected levels in almost all areas, and we couldn't be prouder of their achievements!

Humanities – The Tudors and Stuarts

We have been exploring famous kings and queens, focusing on Henry VII and Henry VIII and investigating what it means to be a Renaissance man. We have enjoyed learning about the qualities, characteristics and achievements that helped shape these important historical figures.

RE – Stories and Morals

In RE, we have been exploring both religious and non-religious stories, discussing their morals and considering how we can apply their messages to our everyday lives. We have talked about how stories can teach us valuable lessons about how we treat others, the choices we make and the importance of kindness and respect.

Maths – Money

In Maths, we have been learning to add and subtract money while becoming more familiar with different coins and notes. Through role-playing as shopkeepers, customers and bankers, we have had lots of opportunities to put our skills into practice.

Mr Illahi also brought in a collection of real coins and loose change, making our learning even more practical, hands-on and engaging!

Ready for Half-Term!

It has been a brilliant first half term, filled with progress, exciting learning opportunities and growing confidence. We are incredibly proud of what we have achieved together and all the hard work pupils have put in.

We hope everyone enjoys a well-deserved and restful half-term break. We look forward to welcoming everyone back for another fantastic term of learning and new adventures!

Well done, everyone! Keep up the fantastic work!

CLASS NEWS - 9C

Welcome Back to 9C!

9C have made a fantastic start to the new school year. Pupils have settled into routines, engaged positively in lessons and shown great enthusiasm towards their learning. We are very proud of their efforts and look forward to another successful half term as we build up to Christmas.

English

This half term, pupils have been studying Stone Cold. They have explored the characters, themes and plot while developing their reading comprehension and analytical skills. They have also been writing detailed responses using evidence from the text.

Maths

In Maths, pupils have been learning about Probability, exploring chance and likelihood, calculating probabilities and solving practical problems.

Design and Technology

Pupils have enjoyed designing and creating bug hotels using bean cans, hot glue and natural materials such as twigs. This hands-on project has helped develop their creativity, design and practical skills while learning about wildlife habitats.

Science

In Science, pupils have been exploring Electricity, learning about electrical energy and circuits. They have also developed their numeracy skills by calculating the cost of electricity per hour.

A Special Celebration

We also celebrated the arrival of Miss Wilde's baby girl, Marliyah! Although Miss Wilde is missed, we are delighted for her as she begins her new adventure as a first-time mum. She sends her thanks to all the 9C pupils and parents for their lovely wishes.

We are delighted with the positive start 9C have made and look forward to more exciting activities and opportunities next half term.

Well done, 9C – keep up the great work!

The 9C Team

CLASS NEWS - 10C

10C have had a fantastic term! They have worked hard, embraced new challenges, developed their skills and made great progress along the way. There have been plenty of opportunities to learn, get involved and show just what they are capable of. Keep up the brilliant work, 10C – you're smashing it!

Science

This term in Science, 10C have been learning about acids and alkalis. They have explored the pH scale, used indicators to identify different substances and observed colour changes during practical experiments. Pupils have also been developing their practical skills and discovering what happens when acids and alkalis react.

We are now moving on to an exciting new topic: The Human Body. Pupils are exploring the different organs and learning about their important functions. A fantastic effort from our budding scientists!

Home Cooking

10C have had a fantastic term in Home Cooking! They have been busy making delicious breakfasts, baking cakes and learning how to prepare tasty sandwiches for a packed lunch.

Along the way, pupils have developed valuable cooking skills, built confidence in the kitchen and gained practical experience, all contributing towards their BTEC qualification. There has been plenty of learning, creativity and, of course, some tasty treats along the way! Well done, 10C!

Modern Foreign Languages Morning – French

10C enjoyed a fantastic MFL morning, bringing their French language learning to life with their very own French café!

Pupils took turns playing the roles of customers and waiters/waitresses, practising their French through fun café role-play activities. The morning was made even sweeter with the opportunity to sample some delicious French pastries!

A lovely combination of learning, confidence-building and tasty treats. Bon appétit!

Halloween

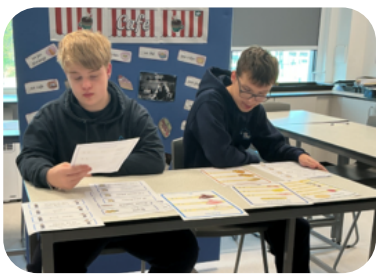
10C got into the Halloween spirit by creating their very own spooktacular door for their form room! They showcased their creativity, teamwork and imagination to transform their classroom into a frightfully fantastic space. A brilliant effort from everyone!

School Council

A huge well done to Jamie, who has been elected as 10C's School Council Representative! We know you will thrive in your new role and look forward to seeing the fantastic ideas you bring forward.

We would also like to give a special mention to our runners-up, Mia Saynor and Yudhvir. Well done to you both for putting yourselves forward and taking part. You should all be very proud!

Well done, 10C, for a fantastic term. Keep up the hard work – we are so proud of you!



CLASS NEWS - 11C

Welcome to 11C

11C have made a fantastic start to the academic year, returning to school with positive attitudes and a strong focus on learning. Pupils have shown resilience and determination as they prepare for their upcoming mock examinations and GCSEs. We are proud of their maturity and continued progress.

College

Pupils continue to enjoy their weekly college placements, demonstrating excellent behaviour and positive attitudes to learning.

Animal Care students have developed their practical skills by safely handling a variety of animals, including rabbits, snakes, bearded dragons and chickens. They have also explored careers in animal care, focusing on the role of a veterinary surgeon and the qualifications needed.

Sports Coaching students have been learning about health and fitness, including ways to monitor fitness using GPS trackers and smart watches. They have also developed their knowledge of gym equipment and how to use it safely.

English and Maths

Pupils have been working hard in preparation for their GCSEs, revisiting key skills, developing exam techniques and building confidence ahead of their assessments.

We are incredibly proud of the effort and commitment shown by everyone in 11C and look forward to seeing their continued success throughout the year.

The 11C Team 🙂

CLASS NEWS - 11CC

We would like to take a moment to celebrate what a fantastic start 11CC have made to this important academic year. From day one, pupils have shown determination, resilience and a positive attitude towards their learning. They have embraced every opportunity, worked hard in lessons and demonstrated a growing commitment to achieving their personal best. We are incredibly proud of them!

Maths

Last term, we explored pictograms, pie charts and percentages before putting our addition skills to the test in our very own classroom café! From adding up totals to working out change, everyone showed fantastic perseverance and enthusiasm. Mr Illahi thinks we might have a few maths geniuses in 11CC!

This term, we're moving on to exploring mode, mean and median, while also putting our memory skills to the test. Keep up the great work!

Life Skills

Our exciting goal in Life Skills is to open our very own 11CC Café, raising money towards our Year 11 Prom and activities!

Last term, we designed our cafés and practised our customer service skills through some very entertaining role-play activities, welcoming everyone from Italian customers to VERY greedy ones! This term, we'll be taking everything we've learnt and putting our skills into practice in a real café environment. How exciting!

Cooking for Life

Our budding bakers got cracking in Cooking for Life (quite literally!), making delicious chocolate cakes for our Macmillan Coffee and Cake Morning. Everyone enjoyed measuring, mixing and showing off their egg-cellent egg-cracking skills!

The charity event was a huge success, so a big thank you to everyone who took part and supported us. This term, we'll continue developing our cooking skills, building confidence and becoming more independent in the kitchen.

PE

Last term in PE, we enjoyed basketball and rugby, developing our coordination, ball skills and teamwork. There were some fantastic efforts from everyone, and pupils remembered the golden rule in rugby... throw the ball backwards!

This term, we'll be focusing on fitness, building on our previous bleep test results through a range of fun and challenging fitness circuits.

PSHE

In PSHE, we explored laws, legislation and age restrictions, discussing why rules are important and how they help to keep us safe. We also learnt about the emergency services, recognising emergency situations and understanding who to contact when help is needed.

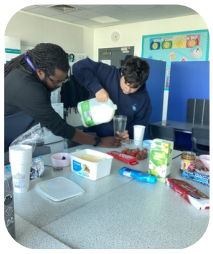
This term, we'll continue exploring important real-life situations, developing our independence, decision-making and personal safety skills.

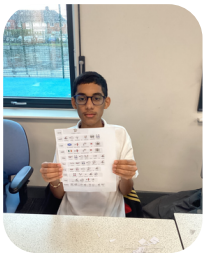
Looking Ahead

11CC have made a brilliant start to Year 11, and there is plenty more to look forward to! We are excited to see pupils continue to develop their skills, grow in confidence and make the most of the opportunities ahead.

Keep up the fantastic work, 11CC – let's make this a year to remember!

CLASS NEWS - PEARL





Welcome to Class 4D

We are now well into the Autumn Term in Class 4D. The children have worked incredibly hard and enjoyed lots of exciting learning opportunities. We are very proud of their enthusiasm, positive attitudes and willingness to try new experiences.

English

In English, pupils have explored a range of texts, including Diary of a Wimpy Kid and The Ugly Five. They have developed their reading and comprehension skills, discussed characters and events, and explored non-fiction texts through class discussions and written activities.

Maths

In Maths, pupils have been learning about Number and Place Value, including reading, writing, comparing and ordering numbers. More recently, they have explored Measurement, focusing on capacity and volume through practical activities using litres and millilitres.

Science

In Science, pupils have been studying Our Bodies. They explored the digestive system and investigated how exercise affects heart rate, recording and comparing results before and after physical activity.

Cooking for Life

During Cooking for Life, pupils have been learning about food safety and working safely in the kitchen. They have practised hand washing, food preparation and using equipment responsibly. They have also enjoyed making healthy snacks, including vegetable-topped pizzas and delicious fruit smoothies.

Life Skills

In Life Skills, pupils have explored personal space, friendships and relationships. They have been learning about respecting personal boundaries, understanding how their actions affect others and developing their social awareness and communication skills.

Looking Ahead

We are incredibly proud of everything the pupils have achieved this term and look forward to more exciting learning opportunities and new challenges next term.

Thank you for your continued support throughout the Autumn Term.

The Class 4D Team

KEY DATES

Dates for the Diary:

11th November - Remembrance day

20th November - Children In Need

25th November ½ inset day 1pm finish

18th December - End of Term 1pm finish

4th December - School re-opens to pupils

HOME LEARNING

Check out all of these home learning opportunities for our pupils. Please contact your child's form tutor via Dojo for further information.
